

RUBRIK M365
BACKUP AS A SERVICE

RUBRIK CLOUD BACKUP TO PROTECT M365

Sequentex, Inc. is a pioneering woman-owned technology company that specializes in crafting integrated solutions to propel organizations forward.

Through our partnership with Rubrik's largest and most established MSP, Assured Data Protection, we provide scalable solutions backup, disaster recovery and business continuity for most SaaS and cloud-based applications including M365 and Salesforce. Assured vData Protection helps us operationalize Rubrik's Zero Trust Security Solutions, delivering data security and protection to customers of any size, in over 50 countries worldwide.

Assured's managed service solutions are built on Rubrik's Cloud Data Management Platform alongside threat hunting and response. Assured's ProtectView management platform allows us to provides a single view into the entire backup environment ensuring resiliency against data loss, natural disasters, and cyber attacks.

RANSOMWARE PROTECTION

Utilizing Rubrik's air-gapped protection solution your backups are separated from the M365 tenant and solution. If it is compromised for any reason, an isolated backup ensures ransomware recovery readiness and provides the confidence you can restore from a clean copy of your data.

FAST RECOVERY

Quickly restore Exchange Online, SharePoint, OneDrive, and Teams data in just three clicks. Easily locate data with global, predictive, file-level search to recover with near-zero RTOs to maintain business continuity.

UNIFY MANAGEMENT

Your data is accessible through a single, intuitive dashboard. Eliminate manual job-scheduling and streamline management for tens of thousands of users with one SLA policy across enterprise cloud and SaaS apps.

ONEDRIVE & SHAREPOINT

Keep digital assets safe from harm with OneDrive and Sharepoint backup.

FLEXIBLE PRICING

Suit your business with monthly / annual options and a pay per user model.

EXCHANGE BACKUP

Automate backups for Exchange to maximize speed and manageability.

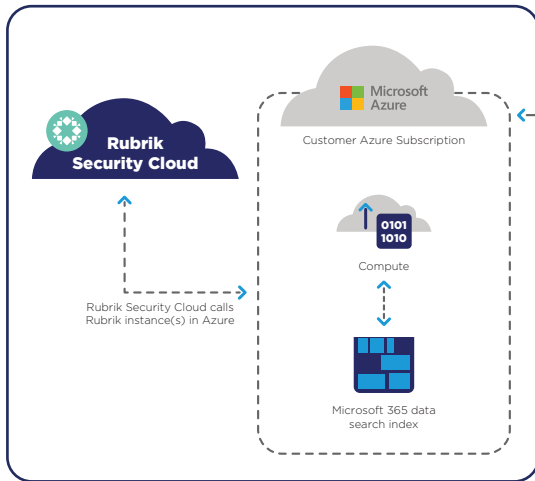

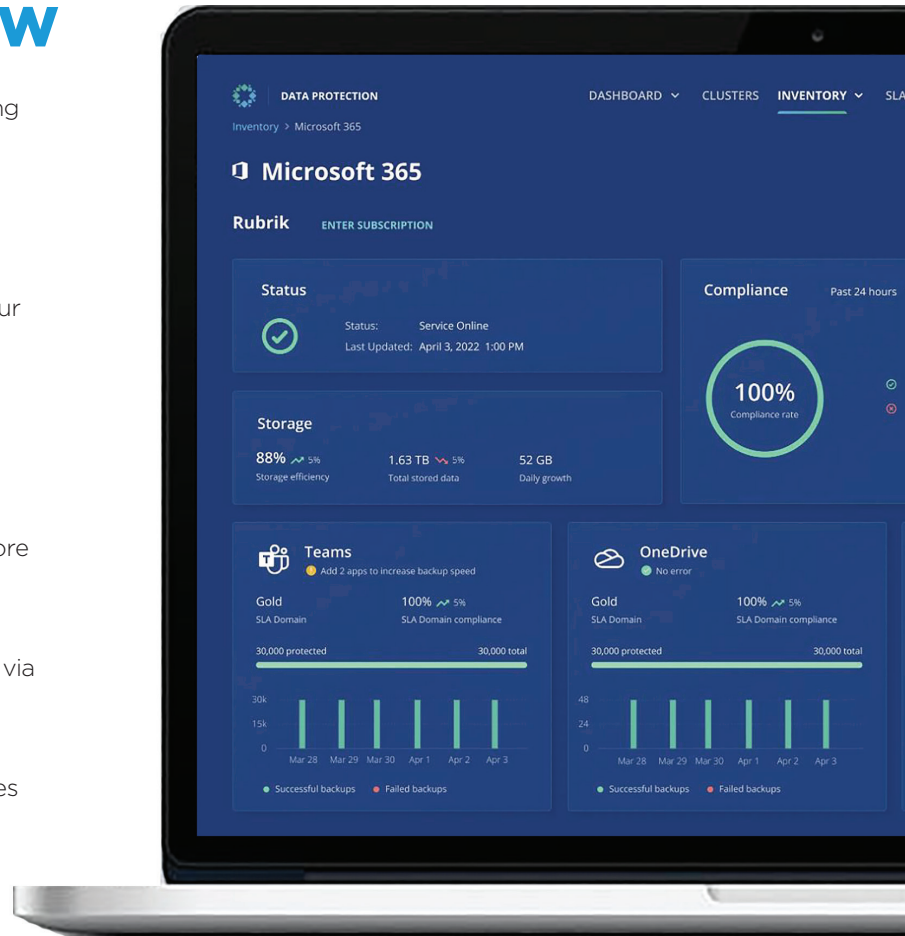

EMAIL BACKUP

Advanced email archiving, eDiscovery, malware protection and more.
